Rays produce big crops of peaches and profits

TERMS ON WHICH WE SELL NURSERY STOCK

IMPORTANT — PLEASE READ CAREFULLY

Cash must accompany all orders amounting to $25 or less, a cash discount of 5 per cent being allowed on the total amount.

We will ship larger orders C. O. D. providing 25 per cent of the total amount of your order is sent in cash. If the order is shipped by **express,** you pay the balance to your **express agent** upon delivery of goods.

If the order goes by **freight,** you pay the balance at **your bank,** where you will also find the bill of lading which you present to your freight agent who will deliver shipment to you.

NOTE. We allow a cash discount of 5 per cent on all orders, large or small, for which the total amount of order is remitted before shipment.

We accept Liberty Loan Bonds, Thrift Stamps and War Savings Stamps, at face value, in payment for nursery stock.

Transportation Rules

We have always made it prominent in our printed terms that our goods are sold f. o. b. cars at the point of shipment and are at the purchaser's risk while in transit. Because of the present unsettled conditions, we wish to emphasize still further that **we do not guarantee safe delivery.**

The ownership of all goods sold by us passes to the purchaser on delivery by us to the carrier, and the issuing of a receipt by the carrier ends our responsibility. Any claims for damage should be made promptly to the agent at the point of delivery.

HARRISONS' NURSERIES

BERLIN, MARYLAND

Why We Have Reduced Our List of Varieties

A Statement by Senator Orlando Harrison

During the past few years my brother, Mr. George A. Harrison, and my son, Mr. G. Hale Harrison, as well as myself, have visited most of the fruit-growing sections of the United States. The purpose of these journeys was to secure first-hand knowledge of the varieties and of the largest and most profitable orchards.

At various times we have visited the peach orchards of Maryland, Pennsylvania, Texas, Missouri, New York and other large fruit-growing sections. In all of these places we found that four varieties stood first and foremost—Carman, Hiley, Belle of Georgia, and Elberta. Of course, we found a few other varieties, but these seem to be sorts with a local reputation, and in no case did a grower have large plantings of these without regard to the variety.

Nor is the choice of apples much wider. In West Virginia, Maryland, Maine, in the Atlantic Coast states, and in the extreme West a limited number of varieties furnish the great crops. In these sections the principal varieties grown are Grimes, McIntosh, Jonathan, Stayman Winesap, Winesap, Wealthy, Yellow Transparent, Williams, Oldenburg, Northwestern, York Imperial and Delicious.

These investigations confirmed the tests in our orchards in and around Berlin, where we have over 1,000 acres of fruiting trees about equally divided between apples and peaches. We have the "Big Four Peaches" and our fifth is the Ray. Likewise we have **the chief varieties of apples.**

We know the varieties that are the money-makers in commercial orchards and the desirable sorts for home planting; and from now on we propose to propagate, to recommend, to sell only such varieties.

Other sorts may be valuable in certain sections, and we shall continue to propagate and sell such local varieties; but let me emphasize the fact that the twelve varieties of apples and the six varieties of peaches listed herein are unquestionably the cream for most sections. Whether for home use or for market, you may be sure of success with these sorts.

Apples

One-Year Trees.	Each	10	100	500	1,000
2 to 3 feet . . .	$0 40	$3 50	$25 00	$115 00	$200 00

NORWAY MAPLE

Nature seems to have provided no other tree so valuable and adaptable. For lawns, for streets, for parks, it has no superior. See page 8.

Shade Trees

We do not ship shade trees by parcel post

MAPLES

NORWAY. For lining the sides of lanes and roads, for the lawn, for streets, for protecting the house from sun and weather, and for real permanent worth in landscape planting, there are no other trees so thoroughly valuable as the Norway Maples. They are at home in almost any situation, without regard to soil or climate. The Norway Maples in our nursery have straight trunks, with well-rounded and symmetrical heads. They have been properly cared for by cultivation and by pruning, and are superior in every way.

Mme. Emile Lemoine

CLASS E

35 cts. each, $3.50 per doz.

Some excellent varieties whose names have been lost. They are free-flowering sorts and are especially recommended for landscape planting. We have two colors, **Red** and **Pink.**

Irises of Rainbow Hues

We do not ship Iris plants by parcel post

We have a large block of Irises which were grown solely for the purpose of selling in collections as mixed sorts. The plants were propagated from some of the most popular named varieties and, of course, bear all of the desirable characteristics of the parents. We do not, however, ship these Irises labeled, but rather make up an assortment without name, assuring you, however, that the plants are strong field-grown clumps, and that the flowers will be equal to the named sorts for which you pay a much higher price. In all probability we will not be able to make this special offer another season, so we advise our friends who desire Irises for mass planting, to make their reservations this fall. Flowering clumps, 25 cts. each, $2 for 10, our selection.

Dahlias in Mixture

From time to time we have grown most of the new introductions in Dahlias, and also have cultivated the reliable old standard sorts. We have never catalogued Dahlias, preferring to use them as a matter of information and record; but this season the quantity has grown so large that we feel perfectly justified in offering them to our customers. We are not prepared to send them out under their correct variety name, but rather as an assortment of some of the choicest specimens of Show, Fancy, Cactus and Pompon classes, in their varying shades and color. We offer our own selection of extra large tubers at 25 cts. each, $2 for 10, $15 per 100.

Gladioli in Mixture

The statement we have just made in reference to our collection of Dahlias will apply in all respects to this collection of Gladioli. For the purpose of reducing the stock we offer a mixture of extra good varieties at 5 cts. each, 40 cts. for 10, $3 per 100.

VISIT OUR NURSERIES

Great improvements have been made on the Eastern Shore roads during the past few years. You can come via automobile to Berlin from Philadelphia, Wilmington, Baltimore, or Washington, all the way on a concrete or macadam road—the finest roads to be found anywhere.

By Automobile, Berlin is 168 miles from Wilmington, 195 miles from Philadelphia, 202 miles from Baltimore, 242 miles from Washington, 9 miles from Ocean City, Md.

By Railroad, Berlin is 143 miles from Philadelphia, and 124 miles from Baltimore.

What R. R. or Exp. Co.?_____ | County_____ State_____

All agreements and contracts are made subject to loss of crop by drought, floods, fire, insects, or other unavoidable causes. All quotations are made subject to stock being sold on receipt of order.

WE STRIVE TO AVOID MISTAKES, but in the event that any nursery stock sold by us should prove untrue to name under which it is sold, we hereby agree, on proper proof of such untrueness to name, to replace the original order or to refund the purchase price. Except for such liability, and in respect to all nursery stock sold by us, we give no warranty, express or implied, as to description, quality, productiveness or any other matter.—HARRISONS' NURSERIES.

TRANSPORTATION RULES. We have always made it prominent in our printed terms that our goods are sold f. o. b. cars at point of shipment and are at the purchaser's risk while in transit. Because of the present unsettled conditions we wish to emphasize still further that we do not guarantee safe delivery. The ownership of all goods sold by us passes to the purchaser on delivery by us to the carrier and the issuing of a receipt by the carrier ends our responsibility. Any claims for damages should be made promptly to the agent at the point of delivery.—HARRISONS' NURSERIES.

IMPORTANT. Please write name and address plainly, and fill all blanks correctly. Always state how goods shall be sent, attach price to each article and add up accurately. Please be sure to use a separate sheet for letter and bring out your ideas briefly and clearly. More order sheets sent on request.

No difference how often you have written us, always give your full Address, and write your Name, Post Office, County and State very plainly. By so doing you will save us much trouble and avoid the possibility of delay and mistake.

PARCEL POST

Read Carefully Before Ordering

We cannot ship by parcel post any Fruit Trees, Nut Trees, Shade Trees, Evergreens, Broad-leaved Evergreen Shrubs, Boxwood, Privet, Barberry, Flowering Shrubs, or Vines.

We strongly recommend that Strawberry Plants, Grapevines, and Roses, be ordered shipped by parcel post; extra-large shipments, by express. See notation at head of each of these departments.

Rates. We quote no special parcel-post prices on Strawberry Plants, Grapevines, and Roses. When ordering, remit according to prices quoted in catalogue and we will ship by parcel post if ordered by you to do so, and when a sum sufficient to cover postage accompanies your order.

The weight on nursery stock varies so very much and our customers are located in so many different parcel-post zones that it is impossible for us to make a flat parcel-post rate on any item without imposing an unjust charge on certain of our customers.

We Strive to Avoid Mistakes

But in the event that any nursery stock sold by us should prove untrue to name under which it is sold, we hereby agree, on proper proof of such untrueness to name, to replace the original order or to refund the purchase price. Except for such liability, and in respect to all nursery stock sold by us, we give no warranty, express or implied, as to description, quality, growth, productiveness, or any other matter.
